  - Students' physical, cognitive, social and emotional development and family history.
  - Students' learning, behavior and attitudes in different settings, including formal assessment of adaptive skills, functional behavior, and responses to interventions.
  - Patterns of achievement and adjustment at critical points in students' growth and development.
  - Comprehensive assessment of students suspected of having disabilities related to IEPs and 504 plans.
  - Assessment and screening for barriers to learning such as substance abuse, mental illness and trauma.
  - Formal and informal policies of the school and other institutional factors that may affect students' behavior and learning.
  - Existence, accessibility, and utilization of community resources for students and families.

5. Effective prevention and intervention with individuals, families, schools and communities, including:
- Utilization of a strength-based approach to enhance students' capacities, with special phasis on students in populations at risk.\*
  - Design and implementation of practice strategies with persons from diverse backgrounds.
  - Partnership with families and others to resolve challenges in the home, school and community.
  - Counseling.
  - Crisis intervention and other mental health services.
  - Casework and case management.
  - Group work.
  - Classroom instruction.
  - Consultation.
  - Mediation and conflict resolution.
  - Advocacy.
  - Development of positive behavioral intervention strategies.
  - Development of written plans of service for students, such as IEPs, BIPs, and 504 plans.
  - Coordination of student transitions to/from community-based services and schools.
  - Curriculum development.
  - Program development and management.
  - Provision of professional development and community education.
  - Collaboration as leaders or members of interdisciplinary teams and community partnerships.
  - Community organization, including mobilization of school and community resources.
6. Human behavior and social environment, including:
- Biological, psychological, and sociological variables affecting development, learning and educational achievement.
  - Application of theoretical frameworks to understand the interaction among individuals and between individuals and social systems (families, groups, organizations and communities).
7. Diversity, including:
- Cultural factors in race, gender, ethnicity, sexual orientation and social class and how culture affects individual, family, group, organizational and community behavior.
  - Understanding of and affirmation and respect for people from diverse backgrounds and recognition of diversity within and between groups.
  - Development of trust, open communication, mutual respect and on-going collaboration with members of diverse populations.
  - Ability to take cultural and other diversity factors into account in assessments and interventions.
8. Research, including:
- Qualitative and quantitative methodologies
  - Use of practice literature and empirically-based knowledge in the areas of children, youth, families and schools to:
    - provide high-quality school social work services and educational interventions,
    - evaluate programs and services,
    - evaluate one's own practice,
    - initiate change, and
    - improve practice, policy, and programs.

\*Populations at risk include, but are not limited to, children with disabilities, school age parents, homeless youth and families, students affected by mental health and AOD issues, GLBTQ students, abused and neglected students, students living in poverty, children of color, adjudicated and incarcerated youth, gifted and talented students, English-language learners, students whose families are in crisis, and other marginalized groups of students.

**PI 34.31 Pupil services categories.** Licenses may be issued in the following pupil services categories at the early childhood through adolescence level to individuals who complete an approved program, demonstrate proficiency in the standards in s. PI 34.04 and meet the additional requirements under this sub-chapter. Specific competencies for the separate license categories shall be determined by the state superintendent based on the recommendations made by the professional standards council under s. 115.425, Stats.

(4) SCHOOL SOCIAL WORKER.

(a) A license may be issued to an applicant who has obtained an institutional endorsement and has completed or possesses all of the following:

1. A master's degree in social work.
2. Completion of one of the following:
  - a. Two years successful experience as a school social worker under the supervision of a cooperating school social worker and a written recommendation from the school system administration.
  - b. An internship in school social work under the supervision of a cooperating school social worker and a written recommendation from the school system administration. The internship shall be part of the approved program.

(b) If the requirements under par. (a) 2. Are not met, a 5 year nonrenewable license may be issued to an applicant who has completed the following:

1. At least 2 years of social work experience dealing with children and youth. One year of this experience shall be completed at the elementary, middle or secondary level in a school, or in an agency whose major responsibility is to serve children and youth and whose program is recognized by the institution.
2. Institutional endorsement.
